"This is one of the most enjoyable games I've ever played. You don't have to be online to play, which is a big plus. You can get free coins and spins by viewing videos or playing other games. It lets you choose which level you want to play on, so it isn't too easy and boring, or too hard and frustrating. The best part is that you can play with your friends at any time! There's not only boss fights, but there are also puzzles that require you to work with other players to figure out how to beat them. A good thing (or bad thing for those who don't like boss battles) is that if you go into a fight with someone else, they will take over the game. This means you might have to just sit there and watch while they fight. If you don't want your friend to leave, you'll have to buy some extra lives by tapping on the screen." "Great game! I love that you can play with friends anywhere, even when not connected to the internet. I would only add that it is hard sometimes when there aren't enough coins, but other than that, this game is so worth playing." "This is one of my favorite games because of the different levels and how easily it takes all my free time. I think it would be more fun if there were different games you could play with friends online and offline. It would also be cool to have a way to actually get coins and lives without having to pay for them." "I love this game because anyone can play it, anytime, anywhere. But I just don't quite understand how they are trying to make money. You have these extra lives you win from watching videos or playing other games, but they are not enough unless you spend your actual lives on them through in-app purchases or by downloading another game that requires real money. I would give this game five stars except for the fact that I feel like there's a lot of potential wasted on how they are trying to make money. Hopefully the developers will change their ways.""

Kingdom clash, game is awesome but by awesome gamer on 2021/11/07 03:05 I am playing this game every day. It's a really fun game to play. There are some problems with it. For example the in-game chat, there are too many ads and that's not good because my friends and I play the game and one of our friends said that there were over 30 ads in one day. Never minding that other friend said she got payed 5 dollars for a survey. I mean, come on. The price of gems are so high. I want to buy a lot of stuff but the prices are expensive. Good luck making this game better!",

"Coin Master" received mostly positive reviews, with many praising the game's gameplay mechanics and humor. It currently holds a Metacritic score of 80/100 for iOS, 83/100 for Android and 71/100 for PC. It is listed on Pocket Gamer's "Pocket Gamer Gold Awards 2021 - Top 10 Best Games".",

Coin Master is a free, single-player, casual game created by Israeli studio Moon Active. Versions of the game have been released for iOS devices, Android devices, and desktops running Mac OS X. The main idea for Coin Master was first conceived in 2021 by Mike Miller, who had previously made games that pitted wizards against each other using fantasy-themed cards similar to ones used in "Magic: The Gathering". Miller was unable to find a developer to make what he saw as a "simple version" of the game, however, and so the idea went on to sit on the shelf due to lack of interest in the market at the time.",
