Too many ads by Rachael Bajo on 2021/04/12 16:31 This game is very fun and I will have to admit that the game play is very well executed, but the amount of ads is way too much and you guys are not helping the problem at all. The ads do not get removed from your screen and you have to close them out just to use your items or do something. They also sometimes pop up when I don't want them to like before I open a shop. It is very annoying because you can't even go back without closing it out which ruins my plan every time. Another thing is that you have to wait for so long. You have to wait hours to even complete something. I know this is supposed to be some kind of strategy game but all it really does is frustrate the players because they can't even move forward because they had a bad streak of luck.",

by Kilty2021 on 2021/10/02 00:16 This is such a fun game, and I'm so glad I found this one once again. The graphics are very clear and high quality. Five years later... by Phil2021 on 2021/11/28 22:56 I was looking up this game to see if it still existed and that's when I found my love for the game again. It has been five years since the last time I played this, and I definitely missed the challenge that made me play again and again. Graphics are still good, gameplay still needs minor updates (minor looks like), but overall it's still a great game!! Before you write a bad review, check out your options for the game first. There are a lot of great games out there that you can play.",
